IMPROVE YOUR HERD IN ONE GENERATION

Clunie Range Untouchable U441 was purchased for \$300,000 by Featherstone Angus (Victoria), Twin Oaks Angus (NZ), Ranui Angus (NZ), and Mandayen Angus and Limousins (South Australia), making him the highest-priced bull sold in Australia in 2025 and one of the most widely used bulls in Spring 2025 and Autumn 2026.

U441 has terrific structure, with tremendous depth and shape. He possesses a strong Angus head, a broad muzzle, and a kind eye, complemented by an impeccable temperament.

Untouchable offers excellent data, but it is his structural soundness, temperament, and mobility that will drive high demand for this outstanding stud sire across both the seedstock and commercial sectors of the beef industry.
