SIRE **KNOWLA NOBLEMAN N127**

KNOWLA LOWAN K49

JAROBEE MOUNTANEER M166

DAM **PARINGA MOUNTANEER Q46**

TWYNAM K071

A bull that started his career as the commercial cattleman's dream is now the stud master's envy. With over 15,000 units of semen sold and a strong conception rate, his calves will soon be seen right across the country.

Statesman should be the first choice for any heifer project in 2026. His calves are long, thick and come easily at birth, carry slick skin and excel for doing-ability.

DAM **CLUDEN NEWRY S233**

CLUDEN NEWRY P88

The progeny are now starting to stack up, with UPPERCUT becoming the first bull under two years of age to rank among the top 25 most used Angus sires in the breed.

With many reports of calves being born early with plenty of vigour, the best part however are the phone calls from breeders who have used him and are loving the calves. They are thick, black and long, the kind that catch your eye in the paddock and make you ask "what's that one by?"

"UPPERCUT!"

LANDFALL ELINE Q835

TE MANIA NEWLY N549

DAM **PATHFINDER S614**

PATHFINDER MOMENTOUS Q1300

The new kid on the block for those wanting it all, VIAGRA will lift your heart rate when you study his performance. At just 17 months of age he has already joined a group of heifers before backing up with another mob of cows at Pathfinder during a tough Autumn, repeating the effort again in Spring - all while producing semen in between, we think he's made of the right stuff.

Use VIAGRA to maintain frame, add performance and bone, with more muscle than your average +5.4 IMF bull.

An exciting new release Basin Keystone son, selling as the feature Lot 1 bull at the 2026 Stevenson Angus Bull Sale for \$180,000 USD. He combines the proven maternal strength from Keystone's pedigree with an elite cow family that continues to deliver at the highest level. His dam is a third-generation donor whose sons have topped the past two Stevenson Angus bull sales, underlining the consistency and market appeal of the cow family.

DAM **MILLAH MURRAH FLOWER N30**
MILLAH MURRAH FLOWER L7

ULSTERMAN U145 was the calf at side when his dam, Flower N30 topped Millah Murrah's 23' female sale at \$140,000. Retained for use at Millah Murrah, Ulsterman has been used as a natural mating sire from 12 months of age, combining presence, musculinity & a gentle disposition. A bull that will add frame, he offers length, strong bone, excellent structure & sound sheath and testicles, built to work & last!

RANGAN SHOWGIRL Q38 (P)

Purchased as the \$45,000 top-priced bull by Tarcombe Herefords & Charolais at the 2026 Rangan Bull Sale, Valuable lives up to his name with a data set unmatched in any breed. He combines low birth weight with strong 400-day growth, impressive milk, excellent scrotal size, outstanding EMA, and superior fat cover—earning his position as the number-one indexing Northern Maternal bull in the breed. Valuable's pedigree draws on some of the most consistent and high-performing Australian Charolais bloodlines.

The influence of Queenslander Q604E is significant, and his dam, Showgirl S5, has produced three exceptional progeny in as many years. Her sire, Quarterback Q86, was the top-selling bull at the 2021 Rangan Sale for Ascot Stud. On the maternal side, her grandsire, Goldrush M151—by Ascot Goldrush J37—adds further depth, with progeny sales exceeding \$380,000. Altogether, Showgirl S5's pedigree reflects two decades of proven, industry-leading Charolais genetics
